On September 3rd, 2019 we received approximately 7 inmates that were transported to our facility from Mississippi Department of Corrections. Then on the morning of September 4th we started having technical difficulties with our wireless internet. We were locked out and could not log on due to multiple users trying to log in without the correct code. We have also been smelling a strong odor of marijuana coming from the male zone. I am requesting your assistance at this time for a jail inmate search. All help is appreciated!

Sincerely,

Sheriff Terry M. Grassaree

STATEMENT OF FACTS

I, Tabatha Lott, the undersigned, hereby state that:

On September 4th, 2019 @ approximately 1552 HRS I was advised to search the female cell at the Noxubee County Adult Detention Center after we were having technical issues with our wifi internet due to multiple unauthorized users trying to log on without the correct password. I entered the female cell with Kanaesha Moore and Jailor Patricia Clanton, and we started the search. Upon entering the cell, **REDACTED** the only female inmate at our facility, handed me a bag containing a cell phone, a small bag of tobacco, lighter and cell phone charger and made the statement, "I knew ya'll were coming so I decided to go ahead and give this to you". I advised her that we still had to proceed with the search of her cell.

While we were searching the cell, **REDACTED** was sitting on a small couch that was in her cell. As I was looking under the table in her cell, I noticed something black hanging out from under the couch she was sitting on. I asked her to stand up so I could turn the couch over. Once I turned the couch over I was able to reach my hand through a small hole on the underneath. At that time, I then recovered another cell phone, charger and a large bag of tobacco and lighter.
